

ANTIOXIDANT CREAM

Enriched with fat soluble antioxidants, ALPS Antioxidant Cream help reduce the harmful effects of free radicals responsible for skin aging, with appreciable results after the very first applications.

The Antioxidant Cream has a light and fluffy texture featuring a refreshing fragrance which makes it ideal for general moisturization.

The Vitamin-E oil contained in the cream reduces skin blemishes such as acne scars and wrinkles.

The high moisturizing power improves skin elasticity.

ALPS Antioxidant Cream is recommended to be used in conjunction with ALPS HOT mask or the ALPS ANTIOXIDANT mask.
